

SILVER TREE STEINER SCHOOL

Relief Teachers

Silver Tree Steiner School seeks to appoint suitably qualified teachers to our relief pool for immediate relief work.

Are you a passionate teacher with a love for nature, creativity, and holistic education? Or are you curious, open to learning and looking for a new change in your teaching?

We're looking for relief teachers to join our vibrant Steiner school community, supporting Kindy to Class 6. Nestled in the beautiful Perth Hills on 25 acres of flourishing gardens and natural bushland, our school offers a unique opportunity to teach in a peaceful, nurturing environment.

- Inspire young minds through hands-on learning
- Embrace outdoor education and sustainability
- Foster creativity, imagination, and connection

We offer a welcoming and supportive environment where relief teachers feel valued from day one, with friendly staff and a strong sense of community. You'll also receive consistent support and clear guidance to ensure you feel confident and connected in your role.

If you're a Steiner-trained teacher—or aligned with our values and interested in learning more—we'd love to hear from you! New graduates are encouraged to apply.

**SILVER TREE
STEINER SCHOOL**

All applicants are required to have current registration with the TRBWA and hold a current working with children check.
